# JANUARY BULLETIN

EAST KINGSTON  
PUBLIC LIBRARY

## Holiday Hours

Wednesday, 1/1    CLOSED  
Monday, 1/20    CLOSED

## WELCOME 2020!

We're excited to see what 2020 will bring but we'd love to have some input from you! The only way we can serve the community is if you tell us what you want! We have created a survey that can be found at the library or on the website. They can be done anonymously, too, so please tell us the truth!

## DO YOU KNOW WHERE YOUR DNA IS?

The genetic future is now. It is very likely that some commercial, medical research or governmental entity has either your DNA sample or your genetic information. And, you don't know it and may not even know that they have collected and stored it. Do You Know Where Your DNA Is? takes you through the current state of forensic DNA technology, genetic genealogy, familial searching and wrongful convictions based on post-conviction DNA testing among the many and varied uses of genetic information. So come and find out why you need to be careful to whom you are related genetically.

## HOMEWORK CLUB

Our homework club has been a hit! Every Tuesday and Thursday, students can get off the bus and do homework with us. We provide study materials, snacks, and all the homework help we can manage! Visit us or call for more information on how to join.
